

Download Built From Below British Architecture And The Vernacular

Vernacular architecture encompasses the vast majority of the world's built environment, and thus resists a simple definition. It is perhaps best understood not by what it is, but what it can reveal about the culture of a people or place at any given time. Compiled by Ian Stevenson and Zachary Violette. Abramson, Daniel M. *Obsolescence: An Architectural History*. Chicago; London: The University of Chicago Press, 2016. Throughout the 19th and early 20th century, the Gothic Revival was used across Europe, throughout the British Empire, and in the United States for public buildings and homes for the people who could afford the style, but the most common use for Gothic Revival architecture was in the building of churches. African architecture, the architecture of Africa, particularly of sub-Saharan Africa. In North Africa, where Islam and Christianity had a significant influence, architecture predominates among the visual arts. Included here are the magnificent mosques built of mud in Djenné and Mopti in Mali, the - Built From Below British Architecture And The Vernacular
