Even More Antennas to Build – Even More Ideas to Experiment With. The third volume of the popular Wire Antenna Classics collection gathers the best antenna projects and innovative designs from QST, spanning over 10 years from 2002 through 2013. It features more than 40 practical designs for a wide range of wire antennas, from simple projects to more complex. ARRL HF Dipole Antennas for Amateur Radio Dipole Antennas You Can Build! ARRL's HF Dipole Antennas for Amateur Radio is a collection of 20 HF dipole antenna designs published in QST, ARRL's membership journal, between 2000 and 2017. In radio and telecommunications a dipole antenna or doublet is the simplest and most widely used class of antenna. The dipole is any one of a class of antennas producing a radiation pattern approximating that of an elementary electric dipole with a radiating structure supporting a line current so energized that the current has only one node at each end. The American Radio Relay League (ARRL) is the national association for amateur radio, connecting hams around the U.S. with news, information and resources. - Arri S Even More Wire Antenna Wire Classics
