

Download Ccna Cisco Certified Network Associate Study Guide

Cisco Certified Network Associate (CCNA) Routing and Switching is a certification program that will broaden your skill sets and ability to manage and optimize network systems. As of July 2018, Cisco CCNA Cyber Ops Certification has been approved for inclusion in the United States Department of Defense (DoD) 8570.01-M for the CCSP Analyst and CSSP Incident Responder categories. Cisco Certified Network Associate Routing & Switching (CCNA) validates the ability to install, configure, operate, and troubleshoot medium-size routed and switched networks, including implementation and verification of connections to remote sites in a WAN. An opportunity of a lifetime. For 20 years, Cisco Networking Academy has changed the lives of 9.2 million students in 180 countries by providing education, technical training, and career mentorship. - Ccna Cisco Certified Network Associate Study Guide
