

Download Certification Study Guide For Refrigeration

Environmental Protection Agency requires that all technicians who work with refrigeration equipment get their certification. Thus, it's the only certification required by law. All others are nice-to-have (believe us, it's a really good sign for your potential employer if you're NATE-certified, for example).4 | Page CORE SECTION, EPA Section 608 Refrigerant Recovery This study guide follows the outline from the EPA describing the subject material to be used for Vibrio bacteria Commonly found in raw, underprocessed, improperly handled, and contaminated fish and shellfish (clams, oysters, crabs, shrimp, and lobster). Small Engine Repair Certification and Diploma Programs. Diploma programs in small engine repair prepare students to maintain and repair engines found in lawn maintenance equipment, motorcycles and ... - Certification Study Guide For Refrigeration
