This book provides a complete course in the traditional skills of quilting via the use of 25 step-by-step projects including patchwork and applique designs. This book provides a complete course in the traditional skills of quilting via the use of 25 step-by-step projects including patchwork and applique designs. The Complete Quilting Course. For those who want to fashion their own unique quilted creations, this complete course explains what is needed to get started, how to master all the key quilting techniques, and how to design patterns. With step-by-step, illustrated instructions and photographs of the process, this volume offers everything...It's easy to see why the library was willing to part with The Complete Quilting Course -- it's far from what a modern quilter would reach for. In fact, there's almost nothing about piecing or traditional patterns at all, and the title is a complete misnomer. - Complete Quilting Course, The
