

# Download Computers At Work. A Behavioural Approach

What Causes Behavior Change? The Fogg Behavior Model shows that three elements must converge at the same moment for a behavior to occur: Motivation, Ability, and a Prompt. When a behavior does not occur, at least one of those three elements is missing. Providing an environment of stability, consistency and acceptance. Greenfields work with young people displaying extreme emotional and behavioural difficulties, achieving an impressive record of positive outcomes and working safely with individuals aged between 10 and 18. Over the course of more than 20 years, Branas Isaf has grown from a small family business with one home to being recognised as one of the market leaders in the specialist field of working with young people with complex interpersonal behavioural needs. Economic Factors Another source of individual resistance is concern that changes will lower one's income. Changes in job tasks or established work routines also can arouse economic fears - Computers At Work. A Behavioural Approach
