Create a Bug Out Bag for Emergency Survival Situations: How Preppers Prepare Their Go Bags for Evacuations to Survive Disasters (Disaster Preparation and Survival Book 2) Kindle Edition Build a no-nonsense survival kit to keep your family alive after a disaster or when SHTF. A quality bug out bag is the first item any prepper needs to put together. In this new series of books, Bob Clark takes the listener through prepping basics. The best preparation for evacuation is to create what is called a bug out bag. These are also known as go-bags, as in, "grab it and go!" If you haven't already created your bug out bag, you need to as soon as possible. Use this book as a guide to stocking and maintaining your bug out bag over time.
