

Download Critical Survey Index : Cumulative Indexes, 1981-1994

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this. - Critical Survey Index : Cumulative Indexes, 1981-1994
