The most basic concept of all: convection currents! I've seen many ways to introduce this concept. One uses Baby Food Jars. Fill one baby food jar to the brim with very hot, red-dyed water. Fill another baby food jar with very cold, blue-dyed water. Cover the red jar with an index card, turn it over and place over the blue jar. You are welcome to use these ideas in your classroom, within your science department, within your school district, or to distribute to any teacher who may find these lessons useful. To date, Kyani Triangle of Health nutrition system is the proud progenitor of three of the most popular antioxidant and vitamin supplements on the market that will defend, repair and maintain every cell in your body.
