

Download Immunizing Children: A Practical Guide

Registered Professional Nurse Obligations CPR. All RNs involved in the administration of immunizing agents in accordance with a non-patient specific standing order and protocol must be currently certified in CPR by the American Red Cross, American Heart Association or an equivalent organization acceptable to the State Education Department. Dysfunctional Culture: The Inadequacy of Cultural Liberalism as a Guide to Major Challenges of the 21st Century Diarrhoea causes dehydration, which kills approximately 2.2 million children every year. Diarrhoea is also a major cause of child malnutrition. Diarrhoea can be prevented by breastfeeding, by immunizing all children against measles, by using latrines, by keeping food and water clean, and by washing hands before touching food.
