The New York City Subway is the largest rapid transit system in the world by number of stations, with 472 stations in operation (424 if stations connected by transfers are counted as single stations). Stations are located throughout the boroughs of Manhattan, Brooklyn, Queens, and the Bronx. The subway system is the main public transportation system in New York. It is one of the oldest and largest public transportation systems in the world (in terms of number of stations). With some 5.7 million riders on a given weekday, it is one of the primary modes of transportation for the majority of New Yorkers and tourists.
