The Nissan Sentra is a car produced by Nissan since 1982. Originally subcompact in classification, for model year 2000 it was reclassified as a compact car. Until 2006, Sentra was a rebadged export version of the Japanese Nissan Sunny, but since the 2013 model year, Sentra is a rebadged export version of the Nissan Sylphy B17. The Sentra nameplate is not used in Japan. Nissan launched the G10 or N16 series Bluebird Sylphy in August 2000 as replacement in the Japanese market for the Nissan Pulsar (N15), and it was exclusive to Japanese dealerships called Nissan Blue Stage. The model code of "G10" used in Japan differed from most other markets which retained the legacy N-series (N16) naming scheme inherited from the Pulsar. Car service manuals. Just fix your car.
