Garden and landscape design, the development and decorative planting of gardens, yards, grounds, parks, and other types of areas. Garden and landscape design is used to enhance the settings for buildings and public areas and in recreational areas and parks. It is one of the decorative arts and is allied to architecture, city planning, and horticulture. Stay Inspired. A great garden is a reflection of a cultured lifestyle influenced by personal experiences, travel, art, culture, and history. Let us keep you inspired to make the most of your garden and outdoor living lifestyle. The predecessors of the landscape garden in England were the great parks created by Sir John Vanbrugh (1664–1726) and Nicholas Hawksmoor at Castle Howard (1699–1712), Blenheim Palace (1705–1722), and the Claremont Landscape Garden at Claremont House (1715–1727). These parks featured vast lawns, woods, and pieces of architecture, such as the classical mausoleum designed by Hawksmoor at ... Yes and no. Victorian planting, while at times geometric, was never symmetrical, at least in an overall sense – the closest analogy I can make is to architecture, in the way that Queen Anne utilized classical elements and motifs in a completely non classical way. - Walls Elements Of Garden And Landscape Architecture
